

THIS FRONT-ENDING AGREEMENT is made this 31st day of October, 2020.

BETWEEN:

2779181 ONTARIO INC.

(collectively, the "Participating Owners")

OF THE FIRST PART

- and -

THE CORPORATION OF THE TOWN OF ERIN

(the "Town")

OF THE SECOND PART

WHEREAS:

1. In 2015, the Town completed the Urban Centre Wastewater Servicing Class EA, the purpose of which was to identify the preferred wastewater servicing solution to the existing residents and future development within the communities of Erin Village and Hillsburgh (collectively, the Communities");
2. The Class EA recommended a wastewater collection system conveying all wastewater flows to a single wastewater treatment plant ("Wastewater Collection System"), to meet the existing Communities wastewater servicing needs and to support future population growth. The preferred solution further presented that the wastewater treatment plant would be located at the intersection of 10th Line and Wellington Road 52 south of Erin village, with treated effluent being discharged to the West Credit River on the west side of the bridge on Winston Churchill Boulevard on Wellington Road 52;
3. The Town has completed a study under the Development Charges Act, 1997, S.O. 1997, c. 27 (the "DCA"), that relates to the provision of services for which there will be an increased need as a result of development within the Communities and the Town proposes to enact a new Development Charge By-law to implement that study's recommendations;
4. The study under the DCA included the estimated costs of the initial services and studies necessary to be front ended in order to consider the registration of plans of subdivision in that part of the Communities described in Schedule "A", (the "Benefitting Lands"), the costs of which services and studies include:
 - A. the costs of all necessary studies and engineering design required to commence servicing of the Benefitting Lands, and
 - B. the cost of designing and constructing the Wastewater Collection System which will convey sanitary sewage to the proposed wastewater treatment plant, and which are required to service the Benefitting Lands.

These services and studies are more particularly described in clause 2.C. and Schedule "B" of this Agreement (the "Front Ended Services");

5. The Director of Infrastructure Services and Engineering (the "Director") has allocated the estimated costs of the Front Ended Services into the portions necessary to service each of the lands owned by the Front-Ending Owners in accordance with Schedule "C";
6. The Parties have agreed to enter into this Agreement for the purpose of providing for the

construction, installation and financing of the Front Ended Services and the financing thereof, including the immediate payment of all costs by the Front-Ending Owners before any construction of the Front Ended Services commences and the collection of front ended payments from owners of the Benefitting Lands who may wish to connect to the Front Ended Services and who are not parties to this Agreement;

7. Council of the Town at its meeting of October 27, 2020 authorized the execution of this Agreement;

IN CONSIDERATION of the covenants expressed in this Agreement and other good and valuable consideration, the Parties covenant and agree, one with the other, as follows:

2 – Front Ending Agreement

- A. Participating Owners acknowledge and agree that the Town has the statutory authority to enter into this Agreement and the Participating Owners agree that they shall not challenge the validity of this Agreement before a court of law or the Local Planning Appeal Tribunal.
- B. The Parties agree that the Front Ended Services are not local services as defined in s. 2(5) of the DCA, and are services which are:
 - I. required to enable the Participating Owners' Lands and the balance of the lands within the Benefitting Area to be developed;
 - II. services for which development charges are payable under the development charge by-law; and,
 - III. eligible for inclusion in a front-ending agreement under the DCA.
- C. The Parties agree that all costs of design, construction and installation of the Front Ended Services used for the purpose of calculating the Front Ended Payments by the Participating and the Benefitting Owners shall be the reasonable costs of such construction and installation incurred by the Town or the Front-Ending Owners, as the case may be. For greater certainty such costs shall include the following:
 - I. all payments on contracts entered into for such design, construction or installation, as certified and accepted by the Director;
 - II. the cost of all acquisition of land or rights in land required to be acquired from owners

not front-ending;

- III. all engineering and other consulting fees, and all legal fees, whether paid to consultants or to the Town; and,
- IV. the payment of part of the cost of any studies and design required by this Agreement. Such costs shall not include:
 - i. any indirect overhead expense of a Participating Owner;
 - ii. any financing cost of a Participating Owner;
 - iii. the cost of any Security required by this Agreement; and
 - iv. the Wastewater Collection Overcontribution.

These costs shall form the basis of the payments which the Participating Owners and Benefitting Owners shall pay to the Town in accordance with clause 8 and clause 9 of this Agreement (the "Front Ended Payment").

3 – Allocation Agreement

- A. Participating Owners shall execute an Allocation Agreement for all of the Participating Owner's Lands at the same time as the Participating Owner executes this Agreement. It shall be a condition precedent to the validity of this Agreement that the Participating Owner has also executed an Allocation Agreement to the satisfaction of the Town.
- B. In order to be in good standing pursuant to this Agreement, each Participating Owner must not be in Default under:
 - I. this Agreement; or
 - II. the Allocation Agreement.

4 – Timing and Construction of the Front Ended Services

- A. Despite any payments by the Front-Ending Owners under this Agreement pursuant to clause 8., and subject to clause 10., the Town shall:
 - I. be responsible for the design, engineering, tender, construction, installation, operation and maintenance of the Front Ended Services;
 - II. own the Front Ended Services; and,
 - III. be entitled to impose, from time to time and at any time, such fees and charges directly and indirectly related to the collection, transmission, treatment and disposal of wastewater as the Town considers necessary or desirable under Part XII (Fees and Charges) of the MA, 2001, or any other user fee or charge permitted by statute.
- B. The Town may delay, defer, or cancel one or more of the Front Ended Services, in its sole and absolute discretion, and in whole or in part, if one or more of the Participating Owners fails to:
 - I. execute this Agreement;

- II. execute the Allocation Agreement;
- III. subscribe to all of the available SDE units, in whole or in part.

The Town and the Participating Owners agree to undertake best efforts to work together to address any shortfall respecting subscription to available SDE units.

- C. The Participating Owners agree and acknowledge that the deferral, delay, or cancellation of one or more Front Ended Services under clause 4.B. may delay the completion of one or more Front Ended Services, which, in turn, may delay development of the Participating Owner's Lands and lands within the Benefitting Area.
- D. If the Town exercises its rights of deferral, delay, or cancellation under clause 4.B., the Town shall give 30 Business Days of Notice to each Participating Owner of the Front Ended Services it intends to delay, defer, or cancel, and the length of the delay, if known at the time the Notice is given.
- E. The Town and the Participating Owners agree and acknowledge that clause 4.B. is for the sole benefit of the Town, and the Town may waive such clause, in whole or in part, or be modified from time to time and at any time by the Town in its sole and absolute discretion.
- F. Despite clause 4.A., the Town may, in its sole and absolute discretion, permit one or more of the Front Ended Services to be designed or constructed or both by one or more of the Participating Owners pursuant to the requirements outlined in clause 5.
- G. Despite clause 4.F., and despite the contents of Schedule "B", the Town may, in its sole and absolute discretion, change or delete Front Ended Services contained on Schedule "B". Schedule "B" is deemed conclusively to be amended without formal amendment to this Agreement. If the Town changes any of the Front Ended Services on Schedule "B", the Town shall give Notice to the Owner within 30 Business Days of making such change.

5 – Election by Front-Ending Owners to Construct Services

- A. The Participating Owners may elect to construct and install a part or the whole of the Front Ended Services in accordance with clause 5 of this Agreement through strict compliance with the requirements of clause 5.B. After such compliance and obtaining all necessary Government Approvals, subject to the terms of this Agreement, construction and installation of the Front Ended Services may be commenced. In the case of that part of the Front Ended Services which services only one Participating Owner, the election may be submitted by that Participating Owner alone. In the case of that part of the Front Ended Services which services more than one Participating Owner, the election shall only be considered by the Town if it is submitted by all Participating Owners serviced by those portions of the Front Ended Services.
- B. If any one or all of the Participating Owner(s) desire to construct all or any portion of the Front Ended Services as described in Schedule "B", they shall first apply to the Director for the following:
 - I. approval of the choice of the Engineer for the Participating Owner;
 - II. an up-to-date estimate of the cost of the portion to be installed and constructed, together with any additional requirements of the Director not provided for in this Agreement; and
 - III. the amount of the Security to guarantee the Front Ended Services to be installed and constructed. Security shall be prescribed by the Director in his sole and absolute discretion based upon the extent of the services to be installed and constructed, which amount will not be less than 110% and not more than 125% of the cost of the Front Ended Services to be installed and constructed. The Security shall be in the form attached hereto as Schedule "D".

Before commencing any installation or construction, the Participating Owner(s) shall deliver to the Director a Notice of election to proceed together with the following:

- IV. a description of the portion of the Front Ended Services to be installed and constructed which must be one of the portions described in Schedule "B",
 - V. a certified cheque equal to 15% of the up-to-date costs of the services to be installed and constructed as engineering fees; and,
 - VI. Security from a Canadian chartered bank in a form satisfactory to the Town in the amount prescribed by the Director. The Town, in its sole and absolute discretion, may require that the Security be from a Schedule "1" Canadian chartered bank. The Security will be held by the Town as Security for the obligations of the Participating Owner(s) in accordance with this Agreement.
- C. Notwithstanding anything else contained in this Agreement, Participating Owner(s) that comply with clause 5.B. shall be permitted to construct part or the whole of the Front Ended Services, if and only if the Town first grants its consent to such Participating Owner, in writing, which consent may be arbitrarily withheld (referred to hereinafter as the "Front Ender(s)").
- D. The Front Ender(s) agree to retain a competent consulting engineer experienced in the municipal engineering field (the "Engineer"). The Engineer or his successor shall be approved by the Director and shall carry out all necessary engineering requirements in accordance with this Agreement and with the Guideline for Engineering Services to Municipalities. The Engineer shall be retained by the Front Ender until all requirements of this Agreement have been completed to the satisfaction of the Director.
- E. The Front Ender(s) agree to construct the Front Ended Services as shown on a set of drawings approved and signed by the Director. The preparation of the drawings shall be undertaken according to the Town's design criteria, design standards and specifications and procedures as amended from time to time.
- F. The Front Ender(s) agree not to let any contract for the performance of any of the works unless the contractor has been first approved by the Director, which approval may be unreasonably withheld. The contract(s) shall provide that the Director may inspect the construction of the Front Ended Services and shall have authority to instruct the contractor(s) to stop work should any construction be undertaken contrary to the provisions of this Agreement and the Town's design criteria, standards and specifications.
- G. The Front Ender(s) agree to provide the Town with ten Business Days of Notice before commencing the installation or construction of the Front Ended Services.
- H. The Front Ended Services shall be completed within a maximum of 18 months from commencement.
- I. The Front Ender(s) agree that the Director may inspect the construction work under any contract, but such inspection shall in no way relieve the Front Ender(s) from its responsibility to inspect the work itself. If, at any time, the construction of all works is not, in the opinion of the Director, being carried out in accordance with the provisions of this Agreement, and in accordance with good engineering practices, the Director may issue instructions to the Front Ender(s) or to the Engineer to take such steps as deemed necessary to procure compliance with the provisions of this Agreement. Such instructions may be written, or may be verbal, in which case the Director shall confirm them in writing within 24 hours. In the event that neither the Front Ender(s) nor the Engineer is present at the site of the works to receive such verbal instructions, the Director may instruct the contractor(s) or workers to cease work forthwith.
- J. The Front Ender(s) shall undertake and pay for a sewer video inspection program for the Front Ended Services installed and constructed. These works shall be undertaken by a qualified company and be approved by the Director prior to the work being undertaken. The Front

Ender(s) shall provide a copy of such video inspection and written reports to the Town in a format as specified by the Town. The sewer video inspection shall be carried out prior to acceptance for maintenance by the Town. The said video shall demonstrate to the Director's satisfaction that the Front Ended Services function to the Town's satisfaction, failing which the Front Ended Services shall be corrected to the satisfaction of the Director.

- H. The Front Ender(s) agree that all streets in the vicinity of construction of the Front Ended Services shall be kept in a good and usable condition during the construction period and, if damaged by the Front Ender or Parties employed by the Front Ender(s) in the construction of the Front Ended Services, or by contractors so employed, will be repaired or restored immediately.
- L. The Front Ender(s) agree not to foul any public streets and further agrees to provide the necessary persons and equipment, to be available on reasonable Notice at all times, to keep such streets clean. All trucks making deliveries to or taking materials from the construction site shall be adequately covered and reasonably loaded so as not to scatter refuse, rubbish, or debris on the abutting streets.
- M. If, in the opinion of the Director, these requirements are not complied with, the Town may do the work as required and upon demand, the Front Ender(s) shall forthwith pay to the Town the full cost thereof. If the Front Ender(s) fail to make the payment as required by the Town, such failure will constitute a Default and the Town may draw upon the Security.
- N. The Front Ender(s) agree that all public works on adjoining lands shall be kept in a good and usable condition during the construction period and, if damaged by the Front Ender(s) or parties employed by the Front Ender(s) during construction or by contractors so employed, will be repaired and restored immediately.
- O. When, after the Front Ender(s) have commenced construction of the Front Ended Services but before the assumption thereof by the Town, the Front Ended Services do not function, or do not function properly, and in the sole opinion of the Director, repairs are necessary to be made immediately to prevent damage or hardship to persons or property, the Front Ender agrees that the Town, its servants, employees or agents, may make whatever repairs may be deemed necessary. The Front Ender further covenants and agrees to reimburse the Town for any expense incurred in making the repairs. If the Front Ender(s) fail to make the payment as required by the Town, the Town may draw upon the Security.
- P. The Town agrees to give Notice to the Front Ender(s) within 2 Business Days from the date of entry by the Town of the nature and extent of the emergency and repairs which were necessary.
- Q. The Front Ender(s) agree to maintain and keep in a proper state of repair and operation the Front Ended Services installed and constructed by the Front Ender(s) for a minimum period of 24 months from the date of acceptance for maintenance by the Town.
- R. The Front Ender(s) agree that the whole or any part of the Front Ended Services, when constructed and assumed by the Town, shall vest in the Town and the Front Ender(s) shall have no claims or rights thereto other than those accruing to it as an owner of land abutting on streets on which services have been installed.
- S. Performance and maintenance guarantees:
 - I. The Security provided to the Town in accordance with clause 5.B.III or clause 6.B.II, as the case may be, and any additional security or moneys provided hereunder, may be drawn upon by the Town, at any time, for any Default by the Front Ender under this Agreement and for any other purpose specified in this Agreement. If any lien is filed or registered under the *Construction Act*, R.S.O. 1990, c. C.30, as amended, this shall constitute a Default. Upon such Default, the Town may draw upon the Security for payment into court of the hold-back moneys, plus interest and costs, if deemed necessary by the solicitor for the Town to satisfy its requirements under the *Construction Act*.

- II. Notwithstanding anything else contained in this Agreement, the Security required pursuant to clause 6.B. shall be in the amounts set out in Schedule "C" and in the form set out in Schedule "D" to this Agreement and shall be posted immediately upon the execution of this Agreement and may be utilized by the Town, in its discretion for the construction and installation of the Front Ended Services at any time.

- III. The Front Ender(s), when not in Default of this Agreement, may apply for acceptance for maintenance by the Town of the Front Ended Services after completion of construction and compliance with clauses H., T., and U. Upon the Director approving such acceptance, any security held by the Town may be reduced up to 25% of the value of the work at the commencement of construction as estimated by the Director. Prior to the reduction of security held by the Town for any Front Ended Services, the Front Ender(s) must supply the Town with the following documentation:
 - i. statutory declaration of works completed and contractors and subcontractors having been paid;
 - ii. Workplace Safety and Insurance Board clearance certificate; and,
 - iii. expiration of the construction lien period.

- IV. Upon application by a Front Ender after the expiry of the maintenance period of 2 years, and after compliance with this Agreement satisfactory to the Director, the Town will release all Security held to secure the construction of the whole or the portion of the Front Ended Services for which assumption is granted.

- T. Before commencing any of the works provided for in this Agreement, the Front Ender(s) shall supply the Town with a liability insurance policy in the minimum amount of \$5,000,000.00 in a form satisfactory to the Town solicitor, indemnifying the Town from any loss arising from claims or damages, injury or otherwise in connection with the work done by or on behalf of the Front Ender. The policy shall contain a completed operations clause and shall have no exclusion for blasting. In the event any renewal premium is not paid, the Town, in order to prevent the lapse of such liability insurance policy, may pay the renewal premium or premiums and the Front Ender agrees to pay the cost of such renewal or renewals within 10 Business Days of the account therefor being rendered by the Town.

- U. Immediately prior to acceptance for maintenance by the Town of the Front Ended Services, the Front Ender(s) agree as follows:
 - I. to flush all sewers and manholes free of road materials, building debris, and other foreign matter; to clean such materials from the system; to provide video inspection as required under clause 5.J.; and to rectify any deficiencies the video inspection may reveal;
 - II. to sweep abutting roadway pavement, including sidewalks, clear of building debris and earth deposits, and to clean and remove all such material;
 - III. to rectify and repair all damages to adjacent public services;
 - IV. to rectify and repair all settlements, depressions or other defects on roadways, until assumption of the Front Ended Services, and
 - V. to furnish the Director with:

- i. a statutory declaration from the Front Ender that all contractors and subcontractors associated with the construction of public works have been paid;
 - ii. a certificate from the Engineer indicating the final construction costs for the public works based on the actual construction contract, and
 - iii. payment of additional engineering fees, if required by the Director, based on the final construction costs of the public works certified by the Engineer.
- V. The Town agrees that the acceptance for maintenance of the Front Ended Services shall take place upon fulfilment of the following conditions:
 - I. all sewers and manholes are clean and free of road materials, building debris and any other foreign matter;
 - II. all roadway pavements and sidewalks are clean and free of building debris and earth deposits;
 - III. all damage to adjacent services has been repaired or rectified to the satisfaction of the Director;

6 – Election for Town to Construct Services

- A. If the Participating Owners do not elect to construct the Front Ended Services themselves pursuant to clause 5, or if the Town does not consent to the same pursuant to clause 5, the Town may construct and install the whole or part of the Front Ended Services in accordance with the requirements of clause 6.B.
- B. If the Town commences installation and construction of all or any portion of the Front Ended Services as described in Schedule “B”, the Participating Owners shall provide to the Director any additional requirements of the Director not provided for in this Agreement. The Town agrees to call tenders and commence construction and installation of a portion or the whole of the Front Ended Services within a reasonable time after providing the Participating Owners with Notice of the following:
 - I. a description of the portion of the Front Ended Services to be constructed which must be one of the portions referred to in Schedule “B”; and

- II. confirmation that Security from a Canadian chartered bank in a form satisfactory to the Town solicitor in the form set out in Schedule "D" to this Agreement was posted at the time that this Agreement was executed.
- C. In the event that the Participating Owners fail to provide any of the matters set out in clause 6.B., the Town shall be permitted to provide same itself and utilize the Security to pay for same. The Town may also draw upon the Security in its discretion to pay the Front Ended Service costs. If the amount of the Security is insufficient to pay for the total cost of the works, the Participating Owners who delivered the Notice of election, agree to immediately pay to the Town such deficiency or to deliver additional Security upon demand therefor and the Town may cease construction of, or prevent connection to the Front Ended Services, until such deficiency is paid. The Town shall return any unused Security in excess of the amount required to complete the Front Ended Services and to maintain the Front Ended Services for a minimum period of 5 years, in the discretion of the Director. The Security shall be issued by a Schedule "1" Canadian chartered bank.
 - D. Whenever and to the extent that the Town shall be unable to fulfil, or shall be delayed or restricted in fulfilling its obligation to construct the Front Ended Services, for any cause beyond its control, the Town shall be relieved from its obligation during the period during which it is unable to fulfil or is delayed or restricted in fulfilling its obligations.

7 – Rights of Way

- A. All Front Ended Services installed and constructed under this Agreement shall be located in road allowances or easements approved by the Director and granted to the Town, free and clear of all encumbrances.
- B. In the event a Notice of election is delivered according to clause 5 or clause 6 of this Agreement, no installation and construction shall commence until the Town Solicitor is satisfied that all rights in land required by the Director have been conveyed to the Town or agreements to convey have been executed.
- C. Upon request from a Participating Owner who desires to construct services through lands approved by the Director, but owned by others, the Town shall assist, at the cost of such Participating Owner, in obtaining rights to construct and maintain services on such lands. For greater certainty, the Town is not obligated to commence expropriation proceedings to assist a Participating Owner in this clause.

8 – Front Ended Payments

- A. While this Agreement remains in force, the Town agrees to use its best efforts to impose the requirement of a Front Ended Payment by all owners of land in the Benefitting Area to be connected to the Front Ended Services (except for Participating Owners who shall pay the cost of the Front Ended Services upon execution of this Agreement) in the amount calculated according to clauses 8.E. and 8.F of this Agreement, and as a condition to any development approval referred to in s. 2(2) of the DCA.
- B. The Town agrees to place money received as Front Ended Payments in a special reserve account and, provided that a notice of election has been given and clause 5.B. has been complied with, the Town shall immediately, upon receipt of the money, by registered mail:
 - I. notify the appropriate Participating Owners who have paid the cost of the Front Ended Services that the money is available to be paid out, and,
 - II. advise the appropriate Participating Owners to whom the Town proposes to pay the delivery of the said money.

Upon the delivery of said Notice from all the Participating Owners who have paid the cost of the Front Ended Services, the Town shall pay to the person or persons named in the Notice without

Upon the delivery of said Notice from all the Participating Owners who have paid the cost of the Front Ended Services, the Town shall pay to the person or persons named in the Notice without interest, the proportion of the money received by the Town to which the party is entitled as set out in the Notice.

- C. The Parties confirm that the reasonable cost to the Town in processing the collection of front end payments while this Agreement remains in force is 3% of all such payments. Accordingly, there shall be deducted from all such payments paid into the special reserve account, an amount equal to 2% to cover the legal and administrative costs of the Town.
- D. The Town may, at any time prior to the giving of a Notice for any part or the whole of the Front Ended Services in accordance with clause 5 or clause 6 of this Agreement, approve limited development in any part of the Benefitting Lands not serviced by the Front Ended Services, which development will ultimately be required to connect to the Front Ended Services but which, in the opinion of the Director, may proceed on an interim basis with alternate sewerage and water facilities. In such event, the Town shall charge such development a front end payment calculated in accordance with clause 8.E. and such payment or payments shall be placed in a special reserve account and be applied to reduce the cost of front ending by the Parties.
- E. The Front Ended Payment to be charged against all development in the Benefitting Area to fund the Front Ended Services shall be calculated as set out in Schedule "C". Each Owner shall fund only the linear segment shown next to each Owner's name on Schedule "C". Where more than one Owner is shown for a single linear segment, each Owner shall pay only the "Percentage of Linear Segment Allocation" shown in the column of the table so labelled on Schedule "C" for the said linear segment.
- F. The Town, in its sole and absolute discretion, may adjust the front ended payment in clause 8.E. in the event that:
 - I. there is a Cost Change between the commencement of this Agreement and the conclusion of the Adjustment Period; or
 - II. one or more Front Ended Services are deferred, waived, cancelled, or removed pursuant to clauses 4.B or 4.G.
- G. The Town and the Participating Owners agree and acknowledge that the total amount of Front Ended payments with respect to each Participating Owner included therein are correctly described in Schedule "C" of this Agreement, subject to any adjustments under clause 8.F.
- H. Every payment made by a Participating Owner for the cost of the Front Ended Services shall entitle such Participating Owner to a reservation of available capacity, in the amount set out in the Allocation Agreements (expressed as SDEs).
