Dec. 11, 2023

2024 budget represents 3 per cent tax increase or \$29.48 per homeowner

The final 2024 Town of Erin capital and operating budgets and budgetary forecasts for 2025 to 2027 will be presented to council for a vote Dec. 14 at 3 p.m. during a regular council meeting.

The capital and operating budgets combined total \$42 million, and if approved represents a tax increase of 3.0 per cent, or \$29.48 on a \$600,000 residential assessment.

“Council and staff worked very hard to keep the increase to 3 per cent. This is a budget that positions Erin well for the future and is responsible to ratepayers,” said Wendy Parr, Director of Finance and Treasurer.

The final proposed 2024 budget contains the following highlights:

- Completion of the Town’s Strategic Plan, 2024 – 2029
- Fire Station No. 50 second floor renovation completion
- Purchase of a tandem axle snowplow roll-off with attachments
- Completion of a traffic consolidation study
- Erin Tennis Club court surface replacement
- Wood chipper replacement
