December 20, 2023

TRAFALGAR ROAD GRAVITY SEWER

Erin Linear Works - Contract: 2022-04W

Construction of the Trafalgar Road gravity sewer will continue throughout the winter of 2024. From January 8th to March 31st, 2024, the active construction zone on Trafalgar Road will extend from Mill Street to Upper Canada Drive / Church Street, as shown in the map below. This closure is required for the installation of the remaining water and sewer pipes, as well as the numerous water and sewer service connections that cross Trafalgar Road.

The current D-1 detour route to downtown Hillsburgh will be discontinued on December 22nd, weather permitting, and a revised detour route for vehicular traffic (Rev. D-1) will be established to bypass the active construction zone. All traffic must adhere to the posted speed limits on local roads. Access to homes and businesses within the active construction zone, as well as emergency vehicles, will be maintained during this period.

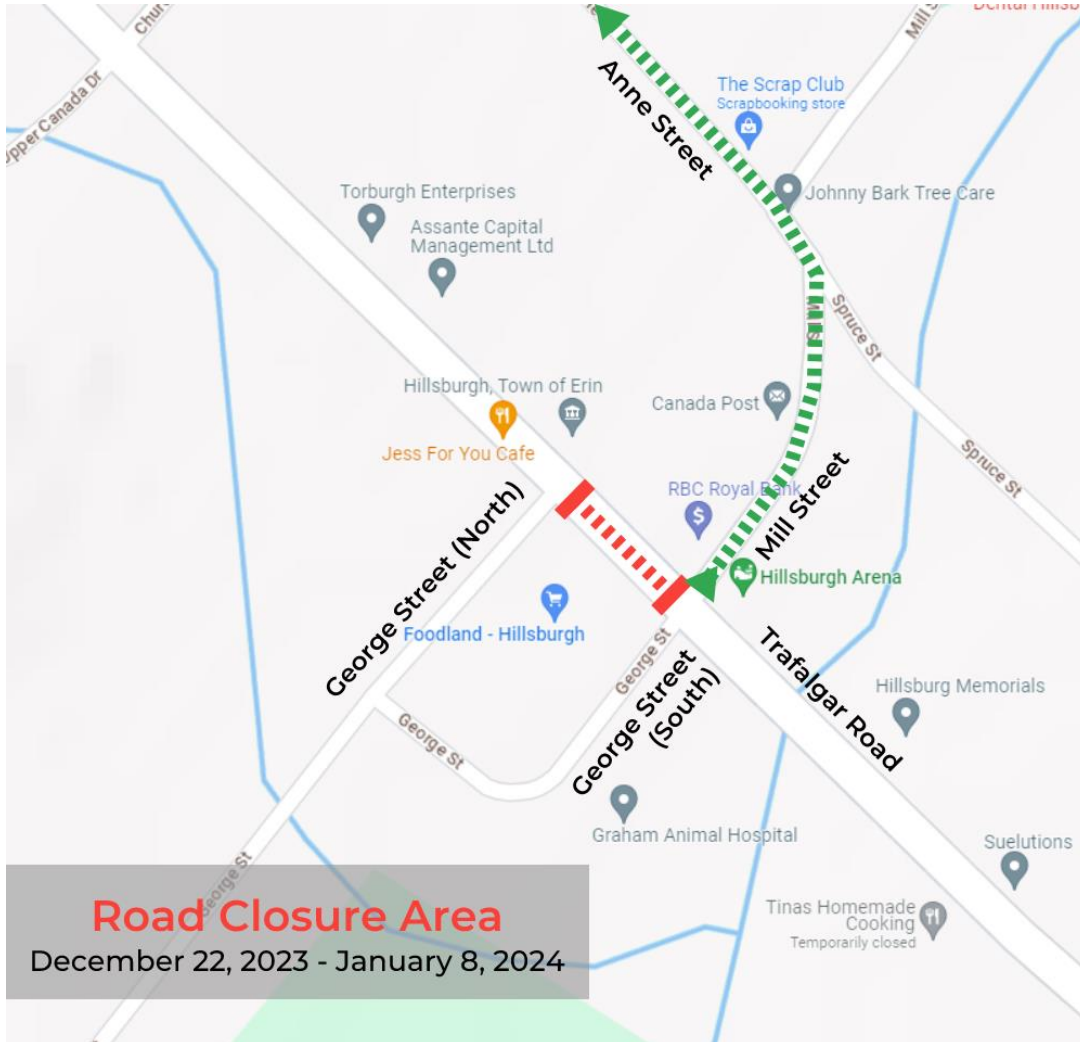

During the holidays, from December 22nd to January 8th, Trafalgar Road will be closed to all traffic from just north of Mill Street up to just south of George Street (North), as posted on the back of this bulletin. This road segment will contain a fenced-in laydown area that will be used by the contractor for equipment and material storage. Local homes and businesses can be accessed via the revised detour route D-1 during this period.

Construction Bulletin

During the holidays and throughout the winter, Mill Street will be accessible from the south along Trafalgar Road.

Snow removal will be coordinated between the Town, the County of Wellington and the Town's Contractor during the holidays and winter season to ensure safe travel within the community of Hillsburgh.

The Town will continue to provide updates to inform residents about the extent of the active construction zone and the affected area. The Town and Contractor will make every effort to minimize impacts to the community.

Local businesses will remain open and accessible throughout the construction period.

Thank you for your cooperation and patience as we work to improve the infrastructure in Hillsburgh. For any questions or concerns, please reach out to us via the following means:
