ERIN

SERVICING AND SETTLEMENT MASTER PLAN (SSMP)

ABOUT THE SSMP

The Town of Erin is undertaking a study to identify strategies for municipal servicing, particularly water supply and sanitary sewage service, within the urban area of Erin Village and Hillsburgh.

The strategies will ensure that growth objectives can be met, while providing levels of municipal services that are safe, reliable, sustainable, and cost effective.

“Planning is bringing the future into the present so that you can do something about it now”

COMMUNITY INVOLVEMENT

A Liaison Committee representing the public and various interest groups provide input into the study process. To date, a number of workshops on “Community Form and Function” have been held to gather feedback regarding needs and issues. These will be used to prepare a Background Issues Report which will provide direction for conducting an environmental assessment process to define a Master Plan.

GET INVOLVED!

Visit our website at www.erin.ca/definingerin. Follow the study process. Fill out the feedback questionnaire so we can hear your thoughts and ideas.

Need more info? Contact Matt Pearson at BMRoss, the Town’s consultant at, 1-888-524-2641 or mpearson@bmross.net.
