Town of Erin appoints new Chief Administrative Officer

For Immediate Release

March 8th, 2017

The Town of Erin has successfully completed the recruitment of a new Chief Administrative Officer, and is pleased to announce the selection of Mr. Nathan Hyde after an extensive search. Nathan, a public administration and governance specialist with extensive experience serving in the public sector, will formally join the Town on April 3rd. Nathan's public sector experience spans over 15 years, during which time he has worked for municipal, provincial and federal governments in Canada and the UK primarily in public affairs, government relations, and policy advisory roles. Prior to joining the Town, Nathan served as Chief of Staff in the Office of the Regional Chair within the Region of Peel.

"Council and I are very excited to have Nathan join the Town", said Mayor Allan Alls. "I am confident that the Town will benefit from both his extensive public sector experience and approach to sound municipal governance".

Nathan, who holds both a Bachelor of Laws (LLB) and a Master of Public Administration (MPA) degree, along with a post-graduate certificate in Communications and a Certified Municipal Manager level three designation from the Ontario Municipal Managers Institute, also expressed his excitement at joining the organization. "I am pleased to be joining the Town at such an interesting time, with a Council that is expressly committed to the betterment of the community", said Hyde. "I look forward to working with the members of Council, Town staff and members of the community to address the challenges ahead and to move the Town forward".

In a volunteer capacity, Nathan currently serves on the Boards of the Headwaters Hospital and the Dufferin Board of Trade, and is the Chair of the Association of Clerks and Treasurers of Ontario's Zone 4. He also currently acts as an Advisor for the Bachelor of Public Relations degree and Public Administration post graduate certificate program at Humber College. He undertook similar activities at Conestoga College where he served as a member of the Public Administration in Municipal Services Diploma program, fostering the development of future talent within local governments.
