## TOWN OF ERIN 2018 BUDGET HIGHLIGHTS

Town staff and your Council have been working diligently to ensure that every tax dollar is spent efficiently and effectively.

Over the past year your tax dollars went towards creating a better future for the Town we want to work and live in. We are working towards: installing LED streetlights to conserve energy and lower our carbon footprint; the recent purchase of a gravel restoration machine is allowing the Roads department to effectively restore gravel roads and provide safe means of transportation; the Town's Community Improvement Plan will be implemented in the coming months which will assist local businesses with a hand-up by supporting our business community; the Town will be hosting public consultations in the fall about Town offered services; the team has been working on repairing sidewalks and preparing for the installation of a new pedestrian crosswalk; and the Wastewater Class Environmental Assessment is reaching its final stages, before moving towards the potential implementation of a wastewater treatment facility.

While continuing to enhance our beautiful Town the total residential tax rate has been lowered by 1.8% and assessment values have increased on average by 3.8%.
