

Construction Notice of Commencement

September 22, 2021

Town Project No. – 2021-70R

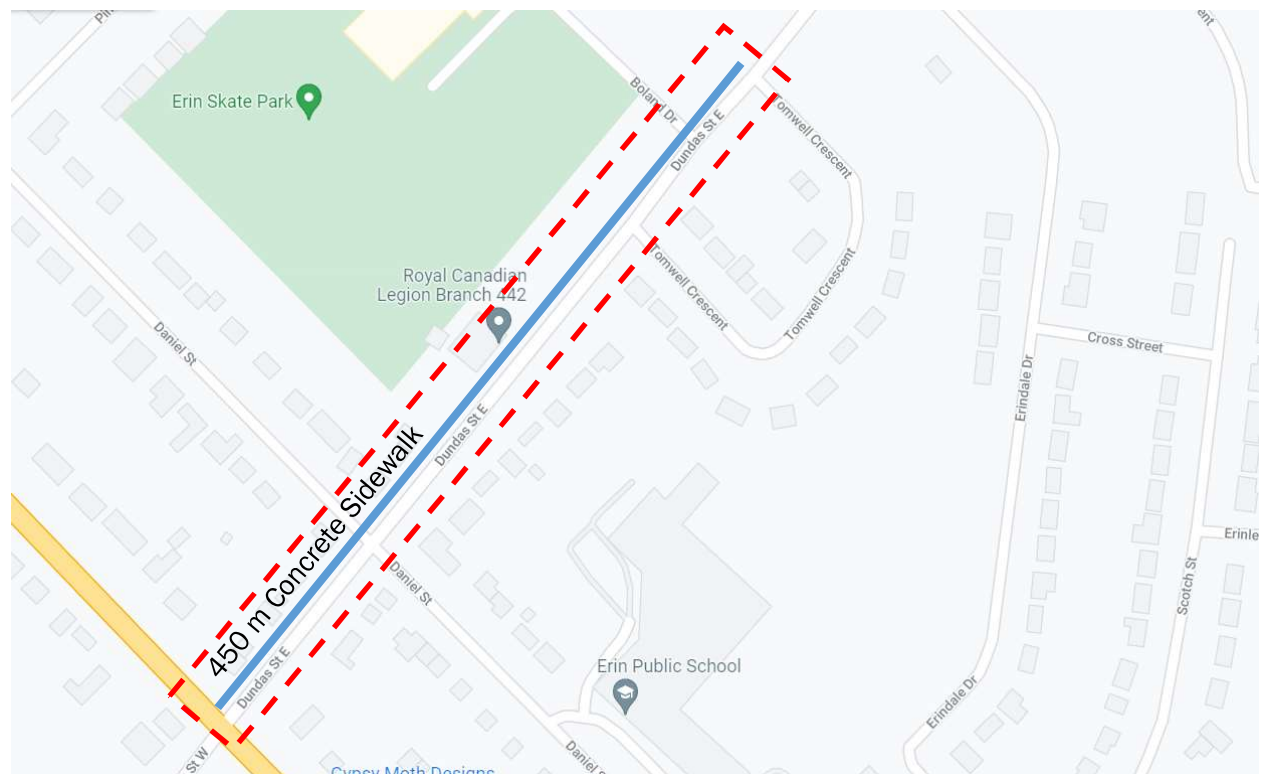

Start Date: September 30, 2021 – End Date November 15, 2021

**Time line is subject to change*

Town of Erin will soon begin to construct new concrete sidewalk on the north side of the Dundas Street East from Main Street to Tomwell Crescent. The sidewalk is a critical piece of transportation infrastructure, which provides Town's commitment for active and safe routes to school to encourage students to use active transportation and to promote safe and walkable neighborhoods

Town has received funding of one hundred thousand dollar (\$100,000) from *New Building Canada Fund – Investing in Canada Infrastructure Program (ICIP): COVID-19 Resilience Infrastructure stream – Local Government Intake*, to complete four hundred fifty meter (450m) concrete sidewalk. Construction contract is awarded to Aloia Bros. Concrete Contractors Ltd. and scheduled to complete the work in the above-mentioned timeline.

MAP OF WORK AREA

WORK DETAILS

1. Mark the area of new sidewalk within Town land.
2. Dig out the marked area.
3. Install granular base.
4. Form the area for new sidewalk.
5. Pour concrete and install tactile plates where required.
6. Restore areas affected by constructions.

RESIDENT INFORMATION & WHAT EXPECTED

- Town will not responsible for damages to any privately owned items on Town's property limit
- Road Access: For safety, intermittent partial road closure within the work zone is expected. Emergency vehicle will be maintained. During this period, traffic in Dundas St E. will be reduced to one lane.
- Driveway Access: The contractor will notify residents of any temporary restrictions to driveways. Vehicle will be parked in the side road to accommodate the ongoing traffic.
- Traffic Management: Contractor will manage the traffic in the construction area for safety of workers, residents and pedestrians. Road users expect delays and increased traffic on nearby main and side roads.
- Parking in the active work zone is not permitted as space is needed for construction equipment and materials.
- Garbage and Recycling: Please follow your normal routine. If required, the contractor will move bins to an appropriate location and return them.
- Disturbed area will be restored with topsoil, seed and other materials where required.
