Precautionary Boil Water Advisory Notice

Potential Problems - Drinking Water

All users of this drinking water system:

Erin Drinking Water System

This is a warning notice under Ontario's Drinking Water Systems Regulation (O. Reg 170/03). A Precautionary Boil Water Advisory is in effect due to:

Watermain Break and Loss of Pressure

OCWA Operational Staff are implementing corrective actions as per instructions from the Public Health Unit or the Ministry of Environment, Conservation and Parks, as well as OCWA Standard Operating Procedures.

Please use an alternative source of drinking water or bring water to a rapid rolling boil for at least one minute before use and/or consumption.

This warning is in effect as of:

Friday March 24, 2023

(until further notice)

For more information, please contact:
Ontario Clean Water Agency
519-939-8529

- Notices will be posted on social media accounts along with the towns web site when the Precautionary Boil Water Advisory has ended.
- We expect to have an update on the status of this Advisory within three days.
- Residents are encouraged to communicate with neighbours and check on any isolated and/or vulnerable individuals.
